What is Fanfare?

Fanfare is ticketing app that connects you to the best live music based on your location and tastes.

Key data used to power Fanfare:

Fanfare tracks your location in the background to enable them to notify you of live music nearby which they think you will like.

Fanfare uses a Facebook integration for sign-in and ask for access to your Facebook Friends to help you discover events which your friends are attending.

Fanfare profiles your usage behaviour including music tastes and purchases history to offer you discounts and special offers from 3rd parties including early access to tickets.
